

Webinar: Provider-Based Clinics – Establishing & Operating

October 29, 2015 11 – 12:30 p.m. ET

Webinar Overview

What do hospitals have to do to establish provider-based clinics? What special coding and billing requirements are required for provider-based clinics? To answer these questions and more, please come visit this educational Webinar.

Webinar Objectives

- To review the Provider-Based Rule (PBR)
- To understand the differences between freestanding and provider-based clinics
- To understand the economic advantages of provider-based clinics
- To appreciate special requirements for provider-based clinics
- To appreciate special compliance concerns associated with provider-based status
- To understand the steps needed to create and/or convert to a provider-based clinic
- To understand how the CMS 855 forms must be maintained for provider-based clinics
- To discuss coding and billing issues for provider-based clinics
- To delineate how the chargemaster should be established to support coding and billing for both technical and professional components
- To explore the application of the physician supervision requirement for outpatient services
- To discuss operation issues such as setting fees, patient relations and medical staff organizational structuring
- To work through several case studies involving the establishment of the provider-based clinics

Target Audience

Chargemaster personnel, compliance personnel, claims transaction personnel, coding personnel, financial analysts, operating officers, clinic administrators and managers, and all personnel involved with provider-based clinics and/or clinical operations including nursing staff and interested physicians/practitioners
