2017 Patient Safety Summit

Unified in Safety: It’s Up to Us

This educational activity is jointly provided by AXIS Medical Education and Indiana Hospital Association.

Tuesday, June 6
502 East Event Centre
502 East Carmel Drive | Carmel, IN 46032 | 317-843-1234

The Indiana Patient Safety Center (IPSC) was founded by the Indiana Hospital Association with the ambitious goal of making Indiana the safest place in the world to receive care. For the past decade, IPSC has led Indiana’s hospitals to collaborate on quality and patient safety, encouraged the implementation of evidence-based practices and forged the nation’s most comprehensive network of patient safety coalitions. The Summit brings together patient safety and quality leaders to learn effective strategies and share best practices that will improve patient safety statewide.

Audience: CEOs, CMOs, CNOs, patient safety officers, risk managers, quality leaders, nursing caregivers and managers, case managers, care transition managers, infection preventionists, pharmacists and others responsible for patient safety and leading change for improvement
