Overview of Program
Indiana’s Unique Data Opportunity

- State Statute partially drives participation, but has uniquely positioned Indiana
- Member participation: 100%
  - National Comparisons: Texas/California
- Unique opportunity: *Empower members with comprehensive data toolsets that provide great decision support metrics to enhance their decision-making.*
The Indiana Hospital Association has one of the most complete administrative claims dataset from Acute, Rehab, Long-Term, and Psychiatric Hospitals available.
Brief Overview of INHDS Program
Partnership with Iowa Hospital Association

• The INHDS Portal is built on Iowa’s IPOP platform, a best-in-class application.

• Iowa HA is a national leader in hospital discharge data collection, collecting/partnering for data for:

  – South Dakota, Oregon, Mississippi, Colorado, Hawaii, Idaho, Wisconsin, Vermont, Ohio, Kentucky, Washington
Revised IHA Discharge Study Process (INHDS)

- Indiana State Statute requires “Patient Information” be submitted no less than 120 days post D/C
  - IC 16-21-6-6

- CMS 837 File Format used to meet State requirement (mirrors Revenue Cycle Operations)

- Member hospitals submit monthly, manually, may also use SFTP to schedule

- IDS/OS File Specification

- Data Populates Data Assets at IHA

- Master Data Warehouse

- IHA Data Engine

- Data Populates Data Assets at IHA

Important Considerations

- INHDS is inclusive of Inpatient and All Outpatient services rendered under hospital license
  - Outpatient data is inclusive of all OP services
- Valuable resources for INHDS available at [www.ihacconnect.org](http://www.ihacconnect.org)
- INHDS will use multi-factor authentication to log-in. Be sure to be familiar with your organization’s preferred approach
