Ira Chasnoff, MD | President of NTI Upstream  
Professor of Clinical Pediatrics at the University of Illinois College of Medicine  
**The Mystery of Risk: Drugs, Alcohol, Pregnancy, and the Vulnerable Child**  
Children prenatally exposed to alcohol and drugs face increasing neurodevelopmental challenges as they grow and develop. These challenges translate into behavioral and learning difficulties in the classroom and in the home. This program will present an evidence-based approach to screening pregnant women for risk of substance misuse, explore the biological and environmental factors that impact pregnancy and the ultimate development of substance-exposed children, and provide a conceptual framework for assessing the behavior and learning difficulties of children affected by prenatal substance exposure.

Camila Arnaudo, MD | Addiction Psychiatrist, Interim Vice Chair of Education  
IU School of Medicine Dept of Psychiatry  
**Indiana CHAMP**  
Dr. Arnaudo is a perinatal addiction psychiatrist whose work focuses on mental health and addictive illnesses in pregnant and postpartum people with a particular focus on increasing equity and accessibility to quality care. She is co-medical director the Indiana CHAMP (Consultations for Healthcare providers in Addiction, Mental Health, and Perinatal Psychiatry) Program, which a statewide program providing consultations to frontline providers on treatment of psychiatric illness. She is medical director of the Addictions Treatment Recovery Center at IU Health, and a member of the Indiana Maternal Mortality Review Committee.

Jerome Adams, MD, MPH, FASA | 20th U.S. Surgeon General  
Executive Director of Health Equity Initiatives, Purdue University  
**Fireside Chat**  
Dr. Jerome Adams was appointed as a Presidential Fellow and the Executive Director of Purdue’s Health Equity Initiatives on October 1, 2021. He is also a Distinguished Professor of Practice in the departments of Pharmacy Practice and Public Health. As the 20th U.S. Surgeon General and a prior member of the President’s Coronavirus task force, Dr. Adams has been at the forefront of America’s most pressing health challenges. A regular communicator via tv, radio, and in print, Dr. Adams is an expert not just in the science, but also in communicating the science to the lay public, and making it relevant to various audiences.

Rahul Gupta, MD, MPH, MBA, FACP | White House Director  
Office of National Drug Control Policy  
**Fireside Chat**  
Dr. Rahul Gupta is the first medical doctor to serve as the Director of National Drug Control Policy and lead the Office of National Drug Control Policy (ONDCP), a component of the Executive Office of the President. ONDCP coordinates the nation’s $43 billion drug budget and federal policies, including prevention, harm reduction, treatment, recovery support, and supply reduction. Through his work as a physician, a state and local leader, an educator, and a senior leader of a national nonprofit organization, Dr. Gupta has dedicated his career to improving public health and public safety.
