ROADSHOW HIGHLIGHTS

Community Collaboration in Readmissions

- > Describe the importance of community collaboration.
- > Recognize an effective community model and identify non-traditional community partners.
- > Design an approach to accelerate collaboration with community partners.

Patient and Family Engagement 2.0

- > Explore patient/family engagement within and beyond the five CMS PFE metrics, including how to integrate PFE into all improvement efforts—from the bedside to the boardroom.
- > Review strategies to engage and encourage staff to partner with patients at the bedside, throughout the organization and in your community.
- > Challenge your organization to more intentionally and effectively utilize patient and family advisors to build a culture of safety, reduce HACs and improve patient satisfaction.
